Master's Accelerated Program

Discover a head start on an advanced degree

All About Discovery!TM
New Mexico State University
gradschool.nmsu.edu

“I enrolled in the MAP because it’s a great way to finish a master’s degree in a quicker time frame. If you are interested in pursuing a master’s degree, it’s an opportunity that you shouldn’t pass up. It’s a chance to get graduate-level credit while finishing your undergraduate degree.”

— Arno Cheng,
civil engineering major

MASTER'S ACCELERATED PROGRAM

Transform your life with an advanced degree from NMSU. The Master's Accelerated Program allows academically qualified Aggies to earn both a bachelor's and master's degree in as little as five years.

Stay Aggie!

You already know NMSU is a great place to get an education. Why not stay Aggie and earn an advanced degree at NMSU?

The Master's Accelerated Program allows academically qualified students to apply up to 12 credits of undergraduate coursework (450 level or higher) toward a master's degree at NMSU and toward the bachelor's upper-division electives.

Program details

- Participants must have an undergraduate GPA of 3.0 or higher.
- Once you have completed 60 undergraduate credit hours, you can apply to the Master's Accelerated Program.
- During your junior and senior years, enroll in 450-level or higher courses. Courses must be passed with a B or higher in order to count as graduate degree credit.
- Up to 12 hours of coursework can be applied toward the completion of a master's degree.
- For tuition purposes, students will be considered undergraduates until they complete their undergraduate requirements. Once accepted to a Master's Accelerated Program at the junior or senior year, students will continue to be charged tuition and fees at the undergraduate rate and retain eligibility for undergraduate scholarships. Contact your financial aid advisor to discuss federal aid eligibility.
- Students must meet all application deadlines and program requirements in their undergraduate and graduate programs.
