Requirements

The graduate minor in Finance is open to all graduate students (business and non-business). It is designed to give students the opportunity to structure a flexible minor course of study within the area of Finance. The minor includes:

- 1 prerequisite foundation course in Finance and
- 9 credits of graduate Finance credits (3 of which must come from courses numbered 500 and above).
- All courses in the minor must be completed with a grade of B or better.

Instructions

In order to obtain a graduate minor, and have it noted on your transcript, you must complete the course requirements and follow the documentation requirements as stated in the Graduate Catalog (http://catalog.nmsu.edu). As stated in the catalog, you must indicate your intent to complete the minor and identify the courses you will be taking for the minor on the “Program of Study” (Application for Admission to Candidacy) form that you are required to file with the Graduate School after completing your first 12 graduate credit hours. (If you have already filed the Application, you can use the “Program of Study Change Form” to add the minor to your program of study. In either case, you must obtain the approval and signature of the Finance Department Head on the form. Minors CANNOT be earned after your degree is conferred, so all requirements must be completed before you graduate.

The Department Head’s signature below provides confirmation that completion of the courses listed above, by the dates indicated, will satisfy the requirements for the graduate minor. This form is not used for any official purpose, and will not cause the minor to be noted on the student's transcript. Please follow the instructions above.
