SMAC Minutes– 2012-Nov-09

Members present
Rick Adkisson, David Boje, Kathy Brook, Renee Brown, Garrey Carruthers, David Daniel, Pat Gavin, Ken Martin, Cindy Seipel

The meeting began at 10:00am.

Order of business

1. Chair Election
   David Daniel was elected as chair of SMAC.

2. SMAC tasks, efficiency, and the use of activity reports
   Discussion centered around SMAC's frustration with the time consuming and inefficient task of completing the “strategic management plan supporting activities form” last summer. A suggestion was made to focus the COB weekly activity reports on tasks that support the college’s strategic objectives. The discussion did not reach closure.

3. MBA program
   There was some discussion of the state of the MBA program and how it was being administered. Mostly this consisted of some questions to which Dean Brook provided answers.

4. Online courses
   Some COB faculty members have expressed concern about the suitability of online delivery for some courses. There was some minimal discussion about recommending that department faculty review courses in their curriculum to assess their suitability for online delivery and rate the resource need for each class if it were offered via online delivery.

The meeting adjourned at 11:30am.
